THE ARCHIE'S RAY CUNNINGHAM MEMORIAL GOLF TOURNAMENT

The Archie's 10th Annual Ray Cunningham Memorial Charity Golf Tournament was held Saturday, May 28, 2011 at the Moberly Lake & District Golf Course.

139 golfers came out to enjoy the warm weather and to participate in the 4-person best ball.

Thanks to the tremendous community support to date, over \$11,000.00 has been raised for charity from this year's Golf Tournament and signed Calgary Flames Jersey Raffle.

Keeping with the Archie's mandate to support hospital & senior's services, the Chetwynd Senior Citizens Society - "Little Prairie Haven" and the Relief Effort for the "Slave Lake Fire" have been designated as this year's charities so far.

A black bear cub from Canada named Winnipeg (or "Winnie," for short) was one of the most popular attractions at the London Zoo after it was donated to the zoo in 1915. Winnie became a favorite of Christopher Robin Milne and inspired the stories written by his father, A.A. Milne, about Winnie-the-Pooh.

How is it that we put man on the moon before we figured out it would be a good idea to put wheels on luggage?

All levels of fitness will benefit... beginner to elite. Programs designed with your goals in mind.

Corrective Exercise Assessment

Personal Trainer: Griffin Goldie

\$37.50 + HST (30 - 45 min session)

Are you suffering from musculoskeletal impairments, imbalances or post rehabilitation concerns? The postural assessment views the body in many different planes and angles and looks for any movement compensations. Corrective exercise programs are designed to restore overactive muscles to an optimal length and strengthen the under active ones. Corrective exercise programs may require a certain number of Personal Training sessions determined with client at time of assessment.

PERSONAL TRAINING SESSION

Personal Trainer - Griffin Goldie

\$50 + HST per session

Get the results you want with a personal trainer ... advice, motivation, fitness information and correct performance. Whether you are starting a fitness program for the first time or you want to perform better as an athlete, a personal trainer will help you meet your goal.

FYI – the International Health and Fitness Organization found that 75% of people who exercise are not getting the results they want. However, of the 25% who are getting results, 90% of them are working with a trainer.

Assessments

\$50 + hst (1hr session)

Assessments provide valuable information on where to start with a training program. They give you a base line of where to start by outlining your strengths and weaknesses. They are a great training tool to show improvement and progression and programs are designed for your goals. If you're not assessing ... you're guessing!
