## Proclamation VETERAN'S WEEK November 5th - 11th, 2011

WHEREAS

Canada has grown into a vibrant country, a nation shaped by its people, their courage, and their commitment to protecting and defending human rights, whenever and wherever they are threatened; and

WHEREAS

Canadians have and continue to put themselves in harm's way, often willing to offer their lives, to restore liberty and democracy throughout the world; and

WHEREAS

Peace and Freedom are not just words. They are values and beliefs worthy of sacrifice yesterday, today, and tomorrow; and

WHEREAS

Canadian sacrifice and valour will be remembered forever as a rich legacy of peace, freedom, and identity.

NOW, THEREFORE

I, Brenda Maisey, Deputy Mayor of the District of Chetwynd, take pride in proclaiming the week of November 5th - November 11th, 2011 as "Veterans' Week", to pay tribute to all those who served and continues to serve in the cause of peace and freedom for all.

  
Deputy Mayor Brenda Maisey

 **AGW**  
  
**Fiesta  
Mama Burger**  
**\$2.50**  
*Don't siesta through this deal*

Say "Hola!" to the new Fiesta Mama Burger. With seasoned ranch dressing, jalapeno cheese, and pickled jalapeno slices, this party for the taste buds is just getting started. Plus, it's only \$2.50. So you can get south of the border taste for a fraction of the pesos.

# MAYOR'S REPORT

October 28, 2011

As I and fellow Council members Norris and Maisey reach the end of three consecutive terms on Council, we frequently get asked what we think was our best or most significant accomplishment. I know we have all talked about some of them, and although we may differ on what we think was the most important, we have all tended to talk about the same type of accomplishments. What I get asked less about is what we thought were our greatest disappointments.

If I was to put my mind to thinking about what we haven't been able to accomplish, there would be of a number of things, but there is one that does stand out – our inability to convince the Provincial government to locate some of its programs and employees in Chetwynd. Having government offices in one's community is important for a number of reasons. Government offices can create a steady level of employment in administrative and professional categories (something we don't currently have much of) and help attract people to our community. Government offices also allow the businesses and people of the area to access government services for which we currently have to leave the community to access. And, for the local industry that uses public lands and resources, it ensures that our public resources are managed properly.

None of these reasons are new as, when I first became Mayor in 2002, Council of the day was still trying to convince the Province to re-open its Ministry of Forests office in Chetwynd (it had been closed a few years earlier). Ever since then, on a periodic basis (and looking back at, probably not frequently enough), we asked government about their intentions for Chetwynd. The answer has always been fairly consistent, a polite no, with the reason that government can't afford more offices and employees and that they can give us what we need from offices located in Fort St. John, Dawson Creek and Prince George.

Over the years we have asked that an Oil and Gas Commission office be located in Chetwynd (we believe it would actually reduce costs as their employees would not have to travel as far to get here for the work), the Ministry of Energy and Mines (focus on Mines) for work with the coal mines and most recently, the Ministry of Forest, Lands and Natural Resource Operations. Of all the requests and discussions we had, this last one had to be the most disappointing, as Chetwynd has half the operating coal mines in northeast BC, half the wind farms, half the saw and pulp mills and a big chunk of the natural gas business and they were going through a reorganization, and no local staff.

Although I am not sure what it will take to change government's mind, my advice to the new Council is to not give up on this and, if anything, devote more time to it as, if you are successful, you will help Chetwynd to grow both as a community and a local centre. If you have any questions or comments on this, or

any other topic, please let me know. I can be reached at the Chetwynd District Office at 250-401-4102 or via email at [esaugstad@gochetwynd.com](mailto:esaugstad@gochetwynd.com).

VALVES & MEASUREMENT

# CAMERON

Cameron's Valves & Measurement Camserv group is a leading provider of valve and measurement products, systems and services used in oil and gas production, transportation and refining. The group is an integral part of Cameron's flow equipment leadership in oil, gas, and other process markets.

We are currently recruiting an enthusiastic individual to be based in our Chetwynd Aftermarket facility for the position of:

### FIELD SERVICE TECHNICIAN

Primary responsibilities:

Install or repair company and competitor products, such as valves and components, to the original equipment manufacturing standards to minimize customer downtime and maximize customer satisfaction.

- Advise customers on repair and replacement options and costs of standard products.
- Examine, repair, test, and maintain products at customer sites or company service centers.
- Act as a liaison between company sales, production, and engineering personnel for customers with product and installation issues.
- Ensures safe working procedures at all times.

The position requires:

- High School Diploma or GED.
- 1 - 2 years field experience.
- Valid driver's license with clean driver's abstract.
- Industry Tickets: H2S, WHMIS, First Aid.
- Ability to work away from home often - travel to and from customer locations is required.
- Demonstrated mechanical aptitude.
- Superior problem solving and customer service skills

The successful candidate may also have:

- Experience in gate, ball and check valve repairs.
- Understanding of valve equipment and products.
- Technical training, product knowledge, and service experience.
- Knowledge of gas plant, pipeline, well-site/ wellhead operations.

Cameron provides its employees with competitive wages, an attractive group benefit program, bonus and pension plans, and both industry and product training.

We invite you to forward your resume & covering letter to [JobEdge@c-a-m.com](mailto:JobEdge@c-a-m.com) quoting "Field Service Technician" in the subject line.

Cameron thanks all applicants, however, only those candidates selected for interview will be contacted.

Start each day with a sense of purpose.  
End each day safely with a sense of accomplishment.

That's the kind of outlook we are striving to achieve for our employees at Spectra Energy. We value diversity and inclusion, openness and teamwork. Ours is a high-performance culture where you're encouraged to stretch your capabilities and exercise creativity in effecting change and shaping the future.

Spectra Energy is one of North America's premier natural gas midstream companies with critical energy infrastructure connecting natural gas sources to markets and customers. Our approach extends beyond our offices and facilities into our neighbourhoods, towns and cities—through community and economic development partnerships, we cultivate talent and grow leadership.

## Junior Planner/Scheduler

**Build your career in this temporary logistics-oriented role in the Grizzly Valley Area—Chetwynd**

As a team member involved in all its responsibilities, you'll gain valuable experience undertaking various functions related to developing maintenance planning, scheduling and material procurement using an integrated management system (SAP). Developing and updating long range work plans, work lists, notifications and facility or maintenance reports will all be part of your role, all while managing multiple assignments.

Ideally, you have some post-secondary training, mechanical or pipeline experience and knowledge of SAP and project management. Grade 12, well-developed computer literacy and sound analytical and decision-making skills are a must.

For further information on this position, and to apply online by November 7, 2011, please visit the Careers section of our website. We thank you for your interest. Please note that only those shortlisted will be contacted.

Spectra Energy is committed to diversity in our workplace and equal access to opportunities. All candidates will be given fair consideration based on individual merit.
