## Saulteau First Nations new Cultural & Recreation Centre to be built

The Saulteau First Nations are breaking ground on their new cultural and recreation centre!

Federal and provincial funding assistance will help build the 25,000 square foot space with construction commencing this week between 7 AM and 5:30 PM.

The design for the cultural building will be based on a loose, artistic interpretation of the teepee, with a large gathering hall, full commercial kitchen, elders' and members' lounge, workout room, play room and a large educational space. The roof will be partially clad in recycled composite shakes and solar panels to reflect the colours of the birch forest surrounding the site.

There will be an official ceremony marking another step towards the centre, happening May 19th. Chief and council will be there to mark what the First Nation is calling a "historic day".

## Boater safety on the Peace River

We're reminding boaters that the section of the Peace River around the Site C dam site, upstream of the construction bridge, is permanently closed to boaters. Boaters are urged to stay away from the area. Please adhere to the signage posted both upstream and downstream of the closure.

### Portage program:

To move boaters around the area, a portage program for non-motorized boats will operate between the Halfway River boat launch and the Peace Island Park boat launch from May 15 to September 15, 2022. Reservations are required seven days in advance of pickup.

For more information, visit [sitecproject.com/boating](http://sitecproject.com/boating) or call 1 877 217 0777.
